Select the desired page in My Space and click External chats button

After it is created, we will generate a link. You can send it to your colleagues to invite them to Telegram chat

		< >
> Daylise Yout ✓ ▲ ▲ ▲ <	 Export to Excel Copy page URL External chats Duplicate active tab Duplicate page to used Save current changes 	r space to universe page

Select Telegram messenger. After that you need: 1. Create a new chat or select an existing one

- 2. Set the chat name
- 3. Add users
- 4. Decide if you stay in a chat after it's created. Then click Create a Chat

Note: to work, you will need to link your Cerebro profile with your Telegram account

Go to Telegram and open My Space page chat
